Whether our clients hold an intimate occasion or a lavish celebration, every Heritage Portfolio event is created with a sense of style and flair that is perfect for the type of event they want to create. From an informal bowl food style gathering to high-end 5-course dinners our team will ensure that all of the event design matches the theme to ensure our clients that their guests can be completely immersed in the experience.

In this document we have included more information about corporate events at V&A Dundee and a sample of the various menus that we can provide.

# Your event

V&A Dundee was designed as a living room for the city – and an exceptional location for unique and engaging events with interchangeable spaces around the current museum exhibitions. The building offers various spaces which are ideal to entertain staff and clients or host a private celebration – the auditorium, Upper Foyer and Locke Hall, and Tatha Bar & Kitchen.

## Locke Hall

Begin your event with a drinks and canapé reception in Locke Hall: An impressive space with stepped walls permeated by slot windows to create a unique environment which immediately instils a true sense of place. The sweeping staircase forms the perfect location for a welcome speech to your guests.

## Upper Foyer

Situated between the exhibitions with views into the Scottish Design Galleries, the upper foyer can hold up to 200 people for a seated dinner or 350 for a standing reception. Or using both event locations, we can create a fabulous reception event up to 500 guests.

## Tatha Bar & Kitchen

Perfect for a smaller reception, corporate dinner, or private celebration. Hosting your celebration at the world-renowned V&A Dundee where the views, the food, the ambiance and of course the company will ensure it is a night never to be forgotten. Tatha Bar & Kitchen is available for your celebrations 7 days a week, depending on availability and can hold up to 80 for a seated dinner or 180 for a standing reception.

## Juniper Auditorium

Located on the upper level with views towards the east of the city, this space has been designed with flexibility to allow use for a variety of corporate events, including seminars, workshops, lectures, meetings, and performances. Adjacent to the main restaurant kitchen, a full catering service can be provided within this space.
